## DEAR LISTENERS,

Dear Listeners,

So here we are again! Thank you all for the overwhelming reception to Off the Record 1 & 2. The incredible feedback we received, both in quality and quantity, showed us that this music truly struck a chord.

It has been our honor and privilege to breathe new life into these nostalgic tunes, dressing these revered melodies in fresh arrangements that resonate today.

Now again, we're excited to bring you another treasure from that same beloved era - your favorite children's choirs of the Pirchei era!

We thank Hashem for giving us this special shlichus, and our tefila is that it should be נמצא חן ושכל טוב בעיני אלוקים ואדם.

We thank our families - who are without a doubt our biggest fans and supporters - for putting up with the crazy schedules and sometimes our absent-minded creativity.

To Yaakov Brown - our project curator: no one will ever truly know what you have brought and continue to bring to these projects with your passion, knowledge, and special musical sixth sense. Off the Record would not exist without you.

To Moshe Mendlowitz - we thank you for joining us and lending your heartfelt voice and neshama to this album. While listening to your album "Nostalgia," we immediately heard and felt that your passion for these songs comes through in every note you sing and is in every fiber of your soul.

We hope you enjoy this latest Off the Record release: "The Pirchei Years"
