Thank you to my wife **Talia** for your beautiful work on the cover and for standing by my side in every endeavor I undertake. Thanks to **Moshe Dov** for adding, once again, such a special element to the album. Thanks to my daughters **Tziporah**, **Tehilla**, **Naama** and **Yael**. You light up my life. Thanks to my parents **Murray** and **Meryl Goldwag** who are unstinting fans and supporters. And to my sisters and their spouses - **Melissa & Gaby Fachler**, **Shoshana & Gavi Weiner**, **Elana & Avraham Jacobs**. I could not ask for a better team. Thanks to **Grammy** and **Grampy** - until 120! Thanks to my in-laws **Gila** and **Craig & Carol**, **Nina**, **Daniel & Rivky**. Thanks to the **Rubin** and **Schneider** families for sharing your boys' talent and all of your time! Thank you **Avi, Yehoshua, Eliyahu and Yedidya** - you were great fun to work with and you sound great! Thank you to **Rafi**, **Moshe Dov** and my sister **Shoshana** for sharing your music. Thanks to **Sari Israeli** for taking on the challenge of writing a truly accurate translation of "Forever Dance." Thanks to **Sarah Gordon** and **Yirmi Vann** for once again being the amazing team to bring a message of unity to the world through the medium of video. Thank you **Benny Friedman** for permission to use the concept you introduced which became the song "Forever Dance" - now in Hebrew! Thank you **Mendy Werdyger** for believing in this project. Thank you **Mayer Werdyger, Sruly Meyer** and the entire Aderet/Mostly Music staff. Thank you **Dani Silver** and Gal Paz. Thank you **Avi Newmark, Nachum Segal**, **Yossi Zweig, Yoely Kar, Elchanan "The Mike" Hamada**, **Yitzchok Levine** of Jewishmusicstream.com.

And thank **you** - **the listener** who has realized that the music you love can only continue to be made if those who love it purchase it.

Hashem, You are the One who makes the music keep flowing, the heart keep longing, the ideas keep coming. And You make it possible for it all to be shared with others. Words are never enough, but still, I say thank You.
