SUKI WITH A TOUCH OF DING II
With Special Guest Star Avraham Fried

Thank You

We would like to take this opportunity to thank you. Thank you for participating in and being Misameach at our first Simcha, Suki With A Touch Of Ding, and thank you for helping make it a great success.

In order to demonstrate our thanks we set out to surpass our previous recording and, surprisingly, exceeded even our own expectations. Therefore, we proudly present to you, "Better Than the Best."

This record is for you if you have not yet been able to cease humming our tunes. It is for you if you have not yet succeeded in halting that uncontrollable urge to dance. And it is for you if your friends have tried repeatedly but, alas, in vain to convince you that you are not "really" at a wedding.

Mainly, this record is for you because now we are inviting you to another wedding. Only this time there's no telling what may happen.....because this one is Better Than the Best!
