THANKS

Since the amazing success and response to my debut album over two years ago, I have found myself inevitably drawn to release another one, but not for the reasons one might imagine. It is often hard to express your feelings but I have been taught by some great individuals, such as Reb Lazer Brody and Reb Mota Frankשליטא, that your talents are a gift from Hashem and that you need to use them to praise ה' and to bring simcha and joy into others' lives.

It is known that the true measure of a man can be observed in his most trying times. How easy it is for a child to say "thank you Tati" when you give him a treat, but what about when he gets disciplined? As we get older and wiser, we recognize that our parents only meant the best for us when we were young and as we grew. How extraordinary is a youngster who, while getting punished, saysישר כח, טאטי!, I know you are right and I trust you know what is best for me so I will take my reprimand with a smile. It takes a truly special child to be able to possess such מחשבת and he should be admired and praised.

The same applies to us and our relationship withה'. We say thank you Hashem when we get a raise, find a shidduch, see naches from our kinderlach, and generally when things are headed in the right direction for us. But how exceptional is a person that can say thank you Hashem when he gets diagnosed with a disease רח"ל or loses his job etc.?! It is quite hard to be grateful during difficult periods, but that is the moment that we must realize thatה' is our father who knows what is right and is looking out for our best interests. When we can comprehend this concept, we can be happier and better people with a true sense ofאמונת ה' and see the good in everything that happens and ultimately bring about the coming ofמשיח.

This album is a fundamental thank you to Hashem. The songs express praise, admiration, and love for ה'. Like the intelligent child who thanks his father while getting punished for his misgivings, we accept that we are inגלות and are being disciplined for the wrongs that we have committed so that we may be worthy of the ultimate rewards.

Remember, when you have faith in Hashem, you will find yourself happier, more confident in your decisions, content, and generally a better person, all because you grasp that there is a higher power looking out for you and there is good even in the seemingly bad.

So let's all sing it together…..Thank You HASHEM!

THANKS

The following individuals were the strength behind this album and my career and I Thank Hashem for placing them in my life.

Naftuli Moshe Schnitzler – For anyone lucky enough to know him, he is not just an incredible career builder with a remarkable energy force and a drive for success that parallels and surpasses the greatest producers of all time!

Lipa Schmeltzer – A good friend, he is famous for his music and stardom, but only some fortunate ones, like myself, are aware of his noble deeds and even greater heart. His sacrifices and contributions to the community in general, as well as the music industry, are boundless and I thank Hashem for such a gift to mankind.

משה כהן –אין א יעדע פלאץ ווי מען דארף נאר א מבינות אין עולם הנגינה אדער א טובה, איז ער אייביג מוכן מיט א שמייכל וואס איז ווערד א מיליאן דאלער. נישט קיין וואונדער אז זיין מקהלה און זינגען שם'ט אלץ דער באטעם'סטער אין גאנצן לאנד!

ישראלי ווערצבערגער – א דאנק צום אייבערשטער פאר צושיקן דעם איבערגעגעבענעם און ערליכער ישראלי צו מיין פראיעקט, מיט זיין פראפעסיאנאלע עקספיריענס מיט ניגון דיסטריבוטערס, וואס האט אסאך צוגעגעבן צו דעם אלבום!

Mayer Haltovsky – When you have Mayer in your corner, you have the best person in the PR business behind you. With his creativity and zeal for photography and videography that has already put him in the spotlight in the Jewish entertainment industry, he is sure to go far and I wish him the best of luck!

Every single day I thank Hashem for the most cherished thing he has ever given me, my family. From my devoted parents, who gave me a solid foundation to start on, to my supportive parents-in-law who have continued building on that, and my brothers, sisters, brothers-in-law, sisters-in-law, nephews, and nieces who I can always count on for constructive criticism, yet are my biggest admirers.

Finally, there would be no album and no music career were it not for the complete support of my dear wife. Behind every successful musician is an encouraging spouse who is the backbone for every song and step you make in the business. And for my loving children who are my #1 fans, I thank you Hashem for these wonderful gifts!

הנשמה יורדת לתוך הגוף אך צועקת ווי,
ירידה זו לצורך עלייה

Sometimes you need to stop, to further understand,
You need to minimize, to ultimately expand,
Gentle words to successfully demand.
Sometimes the river of tears you cried will make you sing,
The hardships you couldn't face, didn't hurt a thing,
The darkness needs to peak, so the light it'll bring.

Oh Hashem, take us home,
Give us strength, for so long, we've been so low.

יש תקווה לאחריתך ושבו בנים לגבולם
